## It's designed just for baby.

- As unique as your child's head and designed with **state-of-the-art 3D scanning and printing technology**, your baby's MyCRO Band will be customized to fit perfectly.
- The tailor-made band applies gentle, barely-there pressure exactly where it's needed to guide the growth of your baby's head. This precise, tender touch helps everything take the right shape during the treatment process.

## It's just that easy.

- The **MySize Closure System** keeps the orthosis in the correct position, intuitively expanding and adjusting to your baby's correcting head shape.
- Experience fewer adjustments, fewer trips to the orthotist, and more time in your day.

## It's just that comfortable.

- Uniquely light and slim, the MyCRO Band offers an innovative, open-air design that's built to be easier to wear than traditional foam helmets.
- The washable inner lining stays clean, soft, and gentle on your baby's sensitive skin.

## Make it your choice MyCRO Band

- Combine fast and effective treatment with state-of-the-art design to keep your baby comfortable.
- When your baby needs cranial remodeling therapy, place your trust in MyCRO Band, the most advanced technology available today.
